Washington, DC 20590

Subject: Manufacturer Identification Pursuant to 49 CFR Part 566

Dear Administrator:

Pursuant to 49 CFR Part 566, THINK GLOBAL AS submits the following information:

- (a) Full corporate name of the Manufacturer:
THINK GLOBAL AS
- (b) Address and State of Incorporation of the Manufacturer:
Rolfsbuktveien 4F, NO-1364 Fornebu, Norway. The Manufacturer is incorporated in Norway.
- (c) Description of Motor Vehicle Product:
THINK GLOBAL AS is importing THINK City completed vehicles – two-seat, fully- electric passenger cars capable of traveling at highway speeds and having a driving range of approximately 100 miles. The THINK City vehicle is constructed of a high-strength steel frame with an extruded aluminum upper structure. The exterior of the vehicle is composed of thermal-formed ABS plastic body panels. The vehicles are equipped with power steering, power brakes, power windows and airbags. The vehicle is powered by a lithium-ion battery pack mated to a 3-phase AC motor. The gross vehicle weight rating (GVWR) of the vehicles is approximately 2300 pounds.

These vehicles will supplement similar vehicles currently being produced by THINK NORTH AMERICA, INC. in Elkhart, Indiana. The vehicles are intended only as a supplement to the US-built units, not as replacement of the US production.

Please contact us with if you would like any additional information.

Sincerely,

3/30/2011

William Nowicke
Vice President – Global Operations
THINK GLOBAL AS
